#### 2. Preparation of financial statements

These financial statements are prepared based on both the Accounting Standards and Accounting Regulations for Business Enterprises.

#### 3. Declaration

These financial statements conform the Accounting Standards and Accounting Regulations for bossiness Enterprises, which veritably and integrally reflects the financial position, results from operation, cash flow and other information related.

### 4. PRINCIPAL ACCOUNTING POLICIES

### 4.1 Accounting system and accounting standards adopted

The Company has adopted the "Accounting Standards for Business Enterprises", the "Accounting System for Business Enterprises" and the supplementary regulations thereto.

Basis of accounting and principles of measurement

The Company has adopted the accrual basis of accounting and uses the historical cost convention as the principle of measurement. Where

an impairment loss should be recognized, the impairment loss is recognized in accordance with the applicable accounting standards.

#### 4.2 Accounting period

The Company's accounting period starts on 1 April and ends on 31 March.

#### 4.3 Reporting currency

The Company uses the Renminbi (RMB) as its reporting currency.

## 4.4 Accounting and pricing basis

Accrual basis accounting is adopted and the value of all assets are to be recorded on historical costs.

#### 4.5 Foreign currency transactions

Transactions denominated in foreign currencies are translated into RMB at the applicable rate of exchange ("market exchange rate") prevailing at the time of occurrence of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated into RMB at the exchange rates prevailing in the market at the balance sheet date. Exchange differences arising from these translations are taken to the profit and loss account.

#### 4.6 Cash equivalents

Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

#### 4.7 Provision for bad debts

#### a Criteria for recognition of bad debts

Bad debt is recognized when debtors are bankrupt or dead, or accounts are overdue for more than two years or circumstances of debtors indicate uncollectability of the overdue balances.

b Provision for bad debts are provided for using "provision method".

c. The Company makes provision for specific doubtful accounts in respect of overdue balances of accounts receivables and other receivables when circumstances of financial status and cash flow of debtors at each period end indicate doubtful collection. When the bad debt is actually recognized after appropriate approval procedures, the balances are written off against provision.

#### 4.8 Inventory costing method

a Classification of inventory

Inventories are classified as commodities.

b Inventory costing and pricing method

Inventories are accounted for using actual costing method which is determined by using the transactional weighted average method.

#### c. Inventory system

The Company adopts perpetual inventory system as its inventory system.

d Recognition and provision for loss on realization of inventories

Inventory is carried at the lower of cost or, net realizable value. A provision for inventory has been made based on the excess of the original cost of the inventory over its net realizable value.

#### 4.9 Fixed assets and depreciation

a Criteria for recognition of fixed assets

Building, properties, machinery and equipment, motor vehicles, toolings, etc. used in the production process and with estimated useful lives of more than 1 year are accounted as fixed assets. Other equipment of more than RMB 2,000 in value and with estimated useful lives of 2 years or more are also recorded as fixed assets.

#### b Classification of fixed assets

Fixed assets are stated at historical cost and classified as vehicles, office and other equipment.

c. Recognition and impairment provision for fixed assets

At each year end after inspection of each fixed asset, if the recoverable amount is lower than the carrying amount due to continually decreasing market value, or technology obsolescence, damages or long-term idle assets, an impairment provision is made based on the difference of each fixed asset.

#### d Method of depreciation

Depreciation is provided to write off the cost of each category of fixed assets over their estimated useful lives from the month after they are put into operation. Depreciation is computed using the straight-line method over the estimated useful life of each category of the fixed assets as follows:

Category of fixed assets	Estimated useful life	Residual Value	depreciation
Electronic equipment	3 years	10%	30%

#### 4.10 Revenue recognition

Revenue from the sale of goods

Revenue for the sale of goods are recognized when all the following conditions have been satisfied: i) the significant risks and rewards of ownership of the goods have been transferred to buyers; ii) neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold are retained by the Company; iii) it is probable that the economic benefits associated with the transaction will flow to the Company; iv) and the relevant amount of revenue and costs can be measured reliably.

#### 4.11 Accounting method for income tax

Income tax is provided under the tax effect accounting method. The income tax provision is calculated based on the accounting results for the year as adjusted in accordance with the relevant tax laws. Due to different recognition periods for revenue, expenses and losses under the tax rules and accounting requirements, there are timing differences between accounting profit before tax and taxable income. The tax effect of timing differences, computed under the liability method, is recognized as deferred tax in the financial statements. However, a deferred tax debit resulting from timing differences is recognized and presented as a deferred debit only if sufficient taxable income is expected during the period of their reversal. Otherwise, the differences are treated as if they were permanent differences.

### 5. Taxation

审计专用章

5.1 VAT

16%&17% VAT is calculated based on revenue and sales of goods

5.2 Income tax
